Cecil –

I just sent email below and Cosmo's auto reply said to contact you and Jenifer. I did not include everyone from meeting on my initial email – I assumed most did not want another legal filing clogging up email. I am happy to include all – just was not certain who and didn't want to take up unnecessary time from so many. I felt as though you had good sense of the CBPP and EPA interaction and roles. Any assistance you could lend me in understanding is greatly appreciated. I know our legal counsel has strong opinion, but it is also helpful for me to understand others perspectives

Thanks!

Jackie

Thank you again to your entire team for the time and attention given to my Exelon team late last month to discuss the "Conowingo WIP".

I want to provide you with our response filing to MDE motion to dismiss – in case the other documents were not enough fun summer reading!

I would like to follow up with you about EPA legal authority and role – my take-away was that there was level of disagreement over that and I am trying to better understand this. I know these are the dog days of summer and things slow down (at least I do), but yesterday at the MD Association of Counties meeting Sec. Grumbles mentioned that you met with the WIP states last week – and that the RFP will come out soon. Might we schedule some time for further discussion?

Best regards,  
Jackie
